

Our Story

Autism Independent Living Association (AiLA) is a Edmonton based charitable organization that was established in 2014.

AiLA began with a vision to establish an intentional supportive housing development where autistic adults could thrive and blossom and become contributing members of their community.

We need people who want to live in our developments, and whoever can help us achieve our goal.

We are looking for you!

AUTISM-LED

The current makeup of the AiLA board is 65% autistic adults,

We have developed our Social Enterprise - totally Autismal CARE-Mels: small batch, handmade Caramels that melt in your mouth.

What We Do

Develop leadership and support for future residents of our development through our Resident Council Program.

Offer a sense of community and friendships through our Health, Wellness and Social Committee.

Fundraise: including our capital campaign.

Christmas Artisan's Market
